

STEEL MESH

AUSRO STRAP**Features**

- High Energy Absorbing design
- Allows for movement without weakening the integral mesh strength
- Pig tail cross wire design allows for multiple take up on bolts

**Packaging**

- Widths 300 to 600mm
- Black or galvanised finish

Component	Strength	Standard
Wire	Yield = 500 - 750 MPa	AS4671:2001 Grade500L
Galvanising	-	AS2423:2002 to type W02Z
