

RESIN CAPSULES & ACCESSORIES

'5 STAR' SINGLE SPEED

Features

- New water based catalyst as 20 – 30 % of capsule
- Provides superior mixing
- For anchoring of all types of rock bolts.
- Available in diameters of 25, 26, 30, 32 and 36mm
- Cost effective

Typical packaging for standard 25mm diameter capsules is shown below:

Capsule Length (mm)	330 - 440	550 - 650	800 - 1000	1100 - 1500
Quantity per box	40	35	25	20
Quantity per pallet	2240	1680	1050	840

Shear Strength (MPa)	>22
Shelf Life	6 months

* When stored as recommended

Speed		Approx Spin Time (secs)	Approx Hold Time (secs)
F	Fast	10	>4
M	Medium	12	>10
S	Slow	20	>120

* relevant specifications are taken at 25°C
